

UPDATE – 07 07/04/14

PROPOSED BUS SERVICES FOR ROTHBURY AND COQUETDALE

news

EVERYTHING IN PLACE

It's a waiting game now as we await paperwork to return to us. Setting up a new bus company requires a LOT of planning – but we are determined to bring the services the community has requested after extensive public consultations.

A time scale is pretty impossible to give right now but our goal of a late summer start is still our aim.

This will allow us to operate our proposed services on the routes outlined in previous notes. Further details can be found on our website.

timetables

-- START DATE --

We are aware that many are anxious for our services to begin, here is the latest:

We are currently aiming to be up and running towards the end of the summer.

Please keep checking back here for a date and further information.

Thank you for your continued support and patience.

buses and promotion days

In the next few weeks we aim to have our buses in the area.

After applying our livery and making sure everything is tip-top we will then be travelling around the various locations along each of our routes.

During this time you can come and have a peek at what we will be providing along our routes, chat to us about what we are offering and the facilities available to passengers including ticket prices.

Dates of these events will be published here, on our website and via all our social media pages nearer the time.

support and comments

We continue to be very encouraged by the continued support from intending passengers, local businesses, organisations and politicians!

If you have any comments to make regarding our proposals we would love to hear from you! Please let us know via the links below or filling in a slip and handing it in at Tully's of Rothbury on the village High Street.

Concessionary passes WILL be accepted on our proposed services. All our routes will be operated by low-floor easy access buses.
